Erratum to "Berezin transform on line bundles over bounded symmetric domains"

Genkai Zhang

Communicated by K.-H.Neeb

The text of Remark 4.10 on p.123 in my article entitled "Berezin transform on line bundles over bounded symmetric domains," Volume **10** (2000), 111–126, is incorrect as it stands. It should read:

Theorem 4.6 *is still valid under weaker conditions on* ν *and* σ *such as indicated in Remark* 3.2 *above.*
